WEDNESDAY EVE., JAN. 16, 1884.

## The Senatorial Contest.

The following telegram received by the BULLETIN from Frankfort gives the result of the caucus held on Tuesday evening: FRANKFORT, January 16, 1884.—At the caucus held by the Democrats of the Legislature for the selection of a candidate for United States Senator, 16 ballots were taken. The last stood as follows: Williams, 32; Blackburn, 41; Sweeney, 23.

The bonded debt of New York City is \$92,560,025.

JOHN H. YELLMAN, of Lexington, has failed. His assets are \$15,000 and his liabilities \$20,000.

The United States Senate has passed a bill to appropriate one million dollars for the improvement of the Mississippi river.

It is reported that Hon. John C. Underwood is about to retire from the management of the Cincinnati News Journal and that he will be succeeded by Mr. Emmet G. Logan.

The Cincinnati Post with characteristic enterprise, has published the full text of Governor Hoadly's message, hours in advance of its contemporaries. It is in the habit of doing such things.

The plans for the sale of the Kentucky Central Railroad to the Seney syndicate have been frustrated by the refusal of C. P. Huntington to join in the movement. The latter owns over one-half of the stock.

REPRESENTATIVE TAYLOR, of Ohio, has introduced a bill into the House amending the Banking Act, so as to permit National banks in towns of less than twenty thousand inhabitants to loan half the aggregate amount of their capital and surplus on real estate security. The measure is introduced to benefit the farmers.

The Department of Agriculture, at Washington, D. C., has prepared a statement of the relations of agriculture to other industries, which reveals the suggestive facts that lands bear an increased price, farmers enjoy a better income and farm labor receives higher wages in proportion to the increase of the non-agricultural classes of occupations.

If there is merit in contributing to the internal revenue, Peoria, the second largest city in Illinois, may put in her claim for consideration. Her distillers say that they lead the world in whiskey production, and in proof they set forth the fact that they made 17,252,720 gallons last year. There are twelve large distilleries in the city, and a new one is ready to start; but only eight are running, four being idle under the Western distiller's agreement to stop overproduction. The distillers in the city have \$12,000,000 invested, and their operations require the constant presence of a small army of internal revenue officers. One distillery alone keeps seventeen Government officials busy.

A WASHINGTON dispatch says: The pension appropriation will in all probability be the first of the regular appropriation bills reported to the House. A sub-committee of the appropriations committee, consisting of Mr. Holman, of Indiana, and Mr. Follet, of Ohio, met last night and prepared a bill. It provides for the re-appropriation of the unexpended balance of the appropriation for the fiscal year ended June 30, 1883, amounting round numbers to \$39,000,000, of the balance of the present fiscal year which will remain unexpended the close of the year, estimated at \$26,000,000 and of a fresh appropriation of \$15,000,000, making in all \$80,000,000 in round numbers. The bill will also provide for an appropriation of \$300,000 for the expenses of special agents of the Pension Bureau and for other appropriations for fees of boards of examining surgeons, expenses of pension agencies and salaries of agents, for which estimates have not yet been perfected, the whole falling within \$1,000,000.

There were only nine accidents to trains in 1882 in Great Britain by which passengers were killed.

A man in Volinia, Mich., pays \$3.00 tax this year—60 cents on his house and lot and \$3 on his dog.

Three days' imprisonment was the fate of a man who called to a German judge to speak louder.

There have been twenty-seven homicides in San Francisco within a year, and most were murders.

John G. Whittier was seventy-six years old on Monday. The day was spent in a quiet way by the venerable poet at his home in Danvers. Many friends, supposing him to be at his residence in Boston, called at the Hotel Winthrop to pay their respects.

Mrs. Langtry's engagement in Washington City was by no means a financial success, though she made a social hit in securing Senator Bayard as an escort. The indications are that Lily has squeezed about all the juice out of the American orange. Follow Australia awaits her.

GREAT GERMAN COURT SCANDAL.

A Ruffianly "Prince" Who Fought His Wife—General News From Various Parts of the World Beyond the Seas.

BERLIN, Jan. 15.—It transpires that the real difficulty between the Prince Frederick Charles and his wife, Princess Marie Anna, which led the Princess to leaving her spouse and seeking the protection of her family at Anhalt, was cruel, inhuman treatment. It is said that for some time the Prince has been drinking heavily, and was drunk nightly, and beat his wife brutally. The Princess remonstrated, and threatened frequently to leave him unless he mended his ways, but to no purpose. She even called the aid of the Empress Augusta, and that lady had several conferences with the wayward nephew, which always ended by the Prince making fine promises of amendment and improvement of conduct towards his wife. But the improvement only lasted a few days, when it would break out anew, and, if anything, he would treat his wife more harshly than before. This style of things continued until the Princess declared she could endure it no longer and quietly left her husband and went to reside with her family. The Tagsblatt publishes a telegram from Anhalt, in which the Princess declares she not satisfied with separation only, but will demand a divorce.

BERLIN, Jan. 15.—A Saxon anarchist, who had been shadowed for some time by detectives, and is suspected of being implicated in the recent attempt to blow up the Police Office at Frankfort by dynamite, was arrested at Hamburg Tuesday morning.

## CONGRESSIONAL SUMMARY.

House. After an introduction of a few bills from members absent yesterday, which the regular order demanded, the Chair proceeded to call committees on reports. Mills (Texas) Committee on Ways and Means reported a resolution calling upon the President for information respecting alleged undervaluation and other frauds of importations.

Mr. Morrison reported a resolution calling upon the Secretary of the Treasury for information as to the suspension of the collection of tax on whisky. Roth called.

Mr. Dobb (Ind.), of the Committee on Public Lands, reported, declaring forfeited certain land grants made to States in aid of the construction of railroads.

Mr. King (La.), of the Committee on Levee and Improvement of the Mississippi River, reported a bill to close up the gaps on the levees of the Mississippi River. Placed on the calendar.

Representative Harner (Pennsylvania) introduced a bill in the House to organize the chiefs of bureau of the Navy Department in connection with the Secretary into an Advisory Board, the majority of the Board to determine the work to be done under contract, the amount to be done by the navy yards, all work to be done under contract, or otherwise, submitted to the Board for approval before begun. The bill is especially intended to prevent shifting of responsibility.

## Senate.

Van Wyck introduced a bill to provide for the sale of the Idaho Indian reservation in Nebraska.

Plumb, resolution agreed to, requesting the President to furnish all information in possession of the State Department relating to the discovery of phosphates on the coast of Brazil by a United States citizen, and what steps, if any, had been taken to give the benefits of the discovery to our shipping and agricultural interests.

## THE OUTS AND INS.

Banquet Tendered to ex-Governor Foster—Senator Payne's Banquet.

COLUMBUS, O., Jan. 13.—Governor Foster was tendered a banquet at the Neil House Monday night by the ex-State officials. Today he returns to his home at Fostoria, and, in a few days, will make an extended business trip to the East. Private Secretary Mussey will go to Cincinnati to look after a newspaper enterprise which he has on foot. Lieutenant-Governor Richards will resume the practice of law at Stouenville. State Auditor Oglesby and Attorney General Hollingsworth will resume the practice of law at their respective homes. Senator Henry B. Payne will not arrive here till late Wednesday night, and on Thursday night he will give a banquet to the members of the Legislature, State officers, and others.

## AN EXPENSIVE FARCE.

The Fearful Attorneys' Fees in the Star Route Misery.

WASHINGTON, Jan. 15.—The report of expenditures submitted to the Senate last year and covering the period from January 1st, 1882, to March 1st, 1883, shows the following amounts paid to attorneys on the Star Route cases: To Bliss, \$25,800 for fees, and \$2,335 for expenses; to Merrick, \$30,000; to Ker, \$17,000 for fees, and \$1,337 for expenses; to H. H. Wells, \$1,422. The total payments, as shown by the report of last year and that recently received by the Senate, were as follows: To Bliss, \$59,642; to Ker, \$50,000; to Merrick, \$37,500; to Wells, \$2,322.

## About an Alleged Appointment.

BUFFALO, N. Y., Jan. 15.—In connection with the announcement in the National Republican of Washington that the President had decided to appoint the Hon. Richard Crowley, of New York, State District Attorney for the District of Columbia, an Evening News reporter called on Mr. Crowley and inquired as to the truth of the statement. Mr. Crowley said: "The first I heard about it is what I saw in the papers this morning. Its appearing in the National Republican makes it probable, as their relations with the Administration are such that they know what they are talking about, but I shall be much surprised if it is so. It is a position I don't want."

## End of a Nine Weeks' Strike.

NEW YORK, Jan. 15.—The 2,000 men and women employed at Higgins & Co.'s carpet factory, who struck about nine weeks ago against a reduction of ten per cent in their wages, returned to work Monday morning. The strikers say they have returned to work pending a settlement of the difficulty by an arbitration committee, to consist of a member of the firm and one of the strikers. They claim, however, that they have won the fight, and that the firm has agreed not to make any reduction. The firm refuse to state the terms of the settlement.

# A SPANISH SWINDLE.

Sharp Practice By Some Very Shrewd Rogues.

WASHINGTON, Jan. 15.—The United States Consul at Malaga reports to the Secretary of State that a fraudulent scheme is being practiced on Americans in the following manner: An alleged priest of one of the Spanish churches writes to a family that he attended in prison a dying "Brigadier" who entrusted him with the guardianship of a child and a large property. A relationship with the person addressed and the young heir is intimated. Considerable money is alleged to have been secreted by the "Brigadier" during his flight with the Carlist army, and secrecy is enjoined on account of the sanctity of the priestly character and the Spanish Government, which is on the alert for the secreted fortune. The correspondence generally ends with a request for money to send the child to its American relations. The Consul says in some instances persons have visited Spain to partake of the fortune supposed to be awaiting them.

## THE BOND OUTRAGE.

Raising Money for the Acquitted Scoundrels' Victim.

HILLSBORO, Ill., Jan. 15.—A fund for the benefit of Miss Emma Bogd is being raised in this city and \$400 is already subscribed. Every man, woman, and child in this county is eager to contribute something. The money will be used to lift the mortgage on Mr. Bond's farm, as the long trial and heavy doctors' bills have placed him in very straitened circumstances. Popular belief in the guilt of Montgomery, Clement, and Pettis is as strong as ever.

## TERRIBLE MARINE DISASTER.

Two Hundred Lives Lost Off the Coast of China.

HONG KONG, Jan. 15.—News of a terrible disaster at sea has just been received here. The coasting steamer Hwaigwan was driven ashore and wrecked on the Hsiao Shan Island, off the Chinese coast, between Shanghai and Foo Chong. The vessel had a large list of passengers, and latest reports state that the number of passengers drowned is 200. Most of the unfortunate were natives. The vessel is a total wreck.

## Row About O'Donnell's Defense Fund.

CHICAGO, Jan. 15.—In an interview, Dennis O'Connor, treasurer of the Chicago O'Donnell defense fund, says that the total amount received by Patrick Ford was nearly \$50,000, while, according to Alexander Sullivan, the entire cost for the defense was about \$12,500. O'Connor says that the Irishmen are waiting to hear from Ford regarding the balance, and the sooner they hear the better. He suggests that the surplus should go to O'Donnell's wife and other heirs.

## Mr. Pohlet's Little Indiscretion.

STREATOR, Ill., Jan. 15.—For being too free with the charms of a brother Hungarian wife, M. Pohlet was, Monday night, driven out and the bed of his parlor burnt in accordance with Hungarian law. Pohlet is hereafter supposed to be a sort of wandering Jew.

## Peter Wade Hanged.

DUBLIN, Jan. 15.—Peter Wade was hanged Tuesday morning for the murder of Mr. Quinn, of Rathfarnham County, Dublin.

# Rev. Father Wilds' EXPERIENCE.

The Rev. Z. P. Wilds, well-known city missionary in New York, and brother of the late eminent Judge Wilds, of the Massachusetts Supreme Court, writes as follows:

"78 E. 54th St., New York, May 16, 1882. MESSRS. J. C. AYER & Co., Gentlemen: Last winter I was troubled with a most uncomfortable itching humor affecting more especially my limbs, which itched so intolerably at night, and burned so intensely, that I could scarcely bear any clothing over them. I was also a sufferer from a severe catarrh and catarrhal cough; my appetite was poor, and my system a good deal run down. Knowing the value of AYER'S SARSAPARILLA, by observation of many other cases, and from personal use in former years, I began taking it for the above-named disorders. My appetite improved almost from the first dose. After a short time the fever and itching were allayed, and all signs of irritation of the skin disappeared. My catarrh and cough were also cured by the same means, and my general health greatly improved, until it is now excellent. I feel a hundred per cent stronger, and I attribute these results to the use of the SARSAPARILLA, which I recommend with all confidence as the best blood medicine ever devised. I took it in small doses three times a day, and used, in all, less than two bottles. I place these facts at your service, hoping their publication may do good.

Yours respectfully, Z. P. WILDS."

The above instance is but one of the many constantly coming to our notice, which prove the perfect adaptability of AYER'S SARSAPARILLA to the cure of all diseases arising from impure or impoverished blood, and a weakened vitality.
